

Select To Speak on Android Phone/Tablet

Step 1 – Install Android Accessibility Suite

- a. Go to the Google Play store and install the latest version of [Android Accessibility Suite](#) app

Step 2 – Activate Select to Speak

- a. Open your device's Settings app .
- b. Tap **Accessibility**, then tap **Installed apps**, then tap **Select to Speak**.
- c. Turn on Select to Speak shortcut.

Step 3 – Using Select to Speak

- a. Now that you have turned on an accessibility feature, look for the Accessibility button  at the bottom right of your screen.
- b. Tap the button. If Select to Speak is the only accessibility tool you have turned on, it will activate, otherwise, you may need to select it from a list of options.
- c. Once Select to Speak is activate, you may notice a green outline appears. With your finger, tap and drag diagonally to draw a box around the text you want to hear. It will begin to play. You can also pause or stop the playback.
