

NEIL SQUIRE ASSISTIVE TECHNOLOGY SERVICES PROCESS

2026-2027

A Collaborative Process for Student Success

2

STEP 2: TEAMS
CONSULTATION

AT Specialist/Facilitator, School Team & Family

Review the student's strengths, needs, and current supports

Gather information using the SETT Framework

Discuss potential assistive technology solutions

Determine next steps, including assessment, training, or consultation

Schedule a school visit

3

STEP 3:
SCHOOL-BASED
CONSULTATION

AT Specialist/Facilitator,
Student & School Team

Meet at the school

Observe learning environments and classroom tasks

Explore assistive technology tools and strategies

Collaboratively identify appropriate supports

Develop an Assistive Technology implementation Plan

4

STEP 4:
IMPLEMENTATION
& FOLLOW-UP

AT Specialist/Facilitator & School Team

Provide training and coaching

Support implementation in classroom settings

Monitor effectiveness and student progress

Adjust supports as needed

Provide ongoing consultation and follow-up

OUTCOME

Students have access to effective assistive technology, training, and support to increase participation, independence, and success in learning.
